

Title:

Enrollment in a primary school in Brugge [Bruges]

Do you have a child born in 2023 or do you want your child to change schools during the school year 2025-2026?

Follow the steps below.

To enable as many parents as possible to enroll their child in their school of preference, we follow a 2-step procedure:

- Registration
- Enrollment

If your child is already attending school, you do not need to register again.

If you have questions, please consult www.naarschoolinbrugge.be

Content:

1. Contact several schools in Brugge beforehand.

This is a good way to get more information about the schools of preference in which you want to enroll your child.

2. Register your child.

Register your child for your schools of preference.

You can do so between 25 February (8 am) and 18 March 2025 (6 pm).

You can register on www.naarschoolinbrugge.be or by scanning this QR code.

The moment of registration of your child during the fixed period is of no importance, since we do not consider any order of priority.

However, we do recommend that you add more than one school to your registration file. Always put your favourite school first.

If you want some help in this registration process, you can turn to:

A primary school in Brugge

One of the Digipunten [*Digi Points*] in Brugge (e.g. Hoogstraat 9, libraries...)

www.brugge.be/digipunten

www.huisvanhetkindbrugge.be

Huis van het Kind (*House of the Child* in the Huis van de Bruggeling)

Houvast (Assistance at home)

Kind & Gezin [*Child & Family*]

www.ocmw-brugge.be/houvast

3. Enroll your child

Have you completed the digital registration of your child in time?

Perfect! You will receive the name of the school your child can enroll in on 25 April 2025 at the latest.

Enrollments take place between 28 April and 19 May 2025.

Attention: After receiving the result, you will have to make an appointment with the school to complete the enrollment. Only after that, enrollment is definite.
